

# BELLO IBRAHIM

## FRONTEND DEVELOPER

Lagos, Nigeria | +234-9037423465 | [Portfolio](#) | [Github](#) | [Email](#) | [LinkedIn](#) | [Twitter \(X\)](#)

### PROFESSIONAL SUMMARY

---

A medical doctor and self taught Frontend Developer. I am eager to contribute to, and grow within dynamic teams. I thrive in collaborative environments and am always ready to tackle new challenges.

### SKILLS

---

**Technical Skills:** HTML5 | CSS3 | Tailwind CSS | Javascript | React Js | GIT | Github | Vercel | Accessibility | Responsiveness | Figma | DaisyUI | SEO

#### Soft Skills:

- Leadership and mentorship: Currently mentoring students of Axia Africa, while part of the moderating team ensuring activities run seamlessly.
- Collaboration: Currently working with other developers and designers to build several projects.

### EDUCATION

---

**Olabisi Onabanjo University**

*MBChB, Ogun*

Ogun, Nigeria

2014 - 2021

### CERTIFICATIONS

---

- Responsive Web Design Certification *freeCodeCamp - December 16, 2024*
- Frontend Development Certification - Axia Africa *Axia Africa - April, 2025*

### PROJECTS

---

#### *Guess The Number game*

- Technologies: HTML5, Tailwind CSS, Vanilla Javascript
- A logical game where the player has to guess a number from a range of numbers, with 3 difficulty modes
- Features includes dynamic feedback messages, color-coded UI indicators, high score tracking, among others

#### *Job Listings with Filtering*

- Technologies: HTML5, Tailwind CSS, Vanilla Javascript
- A dynamic frontend project showcasing job listings with interactive filtering.
- This project displays job listings that are fetched from a JSON data file
- Users can filter the jobs based on role, level, languages, and tools. The interface dynamically updates the listings as filters are applied or removed.

#### *Personal Portfolio*

- Technologies: HTML5, Tailwind CSS, Vanilla Javascript, hosted on vercel
- A very sleek and smooth portfolio, with minimalist animations
- This portfolio is fully responsive on all devices, and was made with the best practices for accessibility

#### *Tech Space Community Website (in progress)*

- Currently part of a team of software engineers, building a fullstack web application, meant for members of a tech community.
- Features include a landing page, an admin dashboard, amongst others

## HOBBIES AND INTERESTS

---

- Playing and watching football
- Reading books and tech documentations
